Bedroom: 1, 2, 3, etc. ...........................................................................................................................17
Basement ........................................................................................................................................19
Hallway: 1, 2, 3, Basement, etc. ........................................................................................................22
Balcony/Porch/Deck ...........................................................................................................................23
Accessory Structures: Garages, fences, sheds, etc. ...........................................................................24
Exterior ...............................................................................................................................................25
**FOYER**

**Interior surfaces/sanitation:**
- Walls, floors, ceilings or surfaces are dirty, have peeling paint, water stains, holes or cracks
- Egress aisles/paths blocked
- Excess accumulation

**Doors**
- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double keyed deadbolt
- Door missing identifying unit number, where required

**Windows**
- Window cracked/broken glass
- Window doesn’t open easily and stay in an open position
- Window has mildew/discoloration
- Window is missing a locking device
- Window screens missing between May 1st and October 31st
- Screens are torn
- Window interior trim missing or otherwise in disrepair

**Electric**
- Extension cords/multi-plug adapters/triple-taps
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning

**Illumination**
- Inadequate illumination/bulb missing

**Infestation**
- Visible roaches, mice, bed bugs or droppings

**Stairs/handrails/guardrails**
- Equipment missing or otherwise in disrepair where required/installed incorrectly

**Other:**
## LIVING ROOM

**Interior surfaces/sanitation:**
- Walls, floors, ceilings or surfaces are dirty, have peeling paint, water stains, holes or cracks
- Egress aisles/paths blocked
- Excess accumulation

**Doors**
- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double keyed deadbolt
- Door missing identifying unit number, where required

**Windows**
- Window cracked/broken glass
- Window doesn’t open easily and stay in an open position
- Window has mildew/discholoration
- Window is missing a locking device
- Window screens missing between May 1st and October 31st
- Screens are torn
- Window interior trim missing or otherwise in disrepair

**Electric**
- Extension cords/multi-plug adapters/triple-taps
- Missing two independent electrical outlets
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures and switches functioning

**Illumination**
- Inadequate illumination/bulb missing

**Infestation**
- Visible roaches, mice, bed bugs or droppings

**Thermostat missing or otherwise in disrepair, where required**

**Stairs/handrails/guardrails**
- Equipment missing or otherwise in disrepair where required/installed incorrectly

**Smoke/CO (where required)**
Rental License Inspection Checklist – updated 2/21/2020

- Location inappropriate
- Doesn’t sound

DINING ROOM

Interior surfaces/sanitation

- Walls, floors, ceilings or surfaces are dirty, have peeling paint, water stains, holes or cracks
- Egress aisles/paths blocked
- Excess accumulation

Doors

- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double-keyed deadbolt
- Door missing identifying unit number, where required
- Sliding patio door is missing an approved locking device

Windows

- Window cracked/broken glass
- Window doesn’t open easily and stay in an open position
- Window has mildew/discoloration
- Window is missing a locking device
- Window screens missing between May 1st and October 31st
- Screens are torn
- Window interior trim missing or otherwise in disrepair

Electric

- Extension cords/multi-plug adapters/triple-taps
- Missing two independent electrical outlets
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning

Illumination

- Inadequate illumination/bulb missing

Smoke/CO (where required)

- Location inappropriate
- Doesn’t sound

Infestation

- Visible roaches, mice, bed bugs or droppings

Thermostat missing or otherwise in disrepair, where required
Stairs/handrails/guardrails

- Equipment missing or otherwise in disrepair where required/installed incorrectly

Other:
KITCHEN

Interior surfaces/sanitation

- Walls, floors, ceilings or surfaces are dirty, have peeling paint, water stains, holes or cracks
- Counters/cabinets/cabinet doors/drawers missing hardware of otherwise in disrepair
- Egress aisles/path blocked
- Excess accumulation

Doors

- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double-keyed deadbolt
- Door missing identifying unit number if required
- Sliding patio door is missing an approved locking device

Windows

- Window cracked/broken glass
- Window doesn't open easily and stay in an open position
- Window has mildew/discoloration
- Window is missing a locking device
- Window screens missing between May 1st and October 31st
- Screens are torn
- Window interior trim missing or otherwise in disrepair

Electric

- Extension cords/multi-plug adapters/triple-taps
- Missing two independent electrical outlets
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning
- Outlets are not GFCI/do not trip when tested with equipment, where required
- Garbage disposal has exposed or unapproved wiring

Illumination

- Inadequate illumination/bulb missing

Plumbing

- Water supply lines to faucets not made of braided stainless steel or copper tube
- Sink p-traps not made of metal or PVC
- Hot and cold water reversed to faucet/faucet not secured to sink
- Missing shut-off valves to water supply lines under sink
Rental License Inspection Checklist – Updated 2/21/2020

- Sink does not drain properly
- Leak under sink
- Faucet drips when turned off
- Water not at least 120 degrees
- Dishwasher does not drain properly

Infestation

- Visible roaches, mice, bed bugs or droppings

Fire Extinguisher missing, where required

Appliances

- Stove/oven are unsanitary or burners do not ignite as intended by the manufacturer
- Refrigerator unsanitary/not at or below 45 degrees

Stairs/handrails/guardrails

- Equipment missing or otherwise in disrepair where required/installed incorrectly

Other:
BATHROOM: 1, 2, 3, MASTER, ETC.

Interior surfaces/sanitation

- Walls, floors, ceilings or surfaces are dirty, have peeling paint, water stains, holes or cracks
- Egress aisles/paths blocked
- Excess accumulation

Doors

- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double-keyed deadbolt
- Door missing identifying unit number, where required
- Sliding patio door is missing an approved locking device

Windows

- Window cracked/broken glass
- Window doesn't open easily and stay in an open position
- Window has mildew/discoloration
- Window is missing a locking device
- Window screens missing between May 1st and October 31st
- Screens are torn
- Window interior trim missing or otherwise in disrepair

Exhaust fan or window

- Exhaust fan missing or otherwise in disrepair/window is not openable/screen missing between May 1st and October 31st

Electric

- Extension cords/multi-plug adapters/triple-taps
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment

Light fixtures/switches malfunctioning

- Outlets are not GFCI/do not trip when tested with equipment, where required

Illumination

- Inadequate illumination/bulb missing

Plumbing

- Water supply lines to faucets not made of braided stainless steel or copper tube
- Sink p-traps not made of metal or PVC
Rental License Inspection Checklist – Updated 2/21/2020

- Hot and cold water reversed to faucet/faucet not secured to sink
- Missing shut-off valves to water supply lines under sink
- Sink does not drain properly
- Leak under sink
- Faucet drips when turned off
- Water not at least 120 degrees
- Toilet, vanity or counter not securely attached to floor/wall
- Caulk around tub and walls missing or otherwise in disrepair

Infestation

- Visible roaches, mice, bed bugs or droppings

Other:
LAUNDRY ROOM

Illumination

- Inadequate illumination/bulb missing

Dryer duct

- Not solid metal duct or UL approved flexible metal/foil duct
- Longer than 8 feet
- Not connected to dryer/lint build-up around dryer or walls
Rental License Inspection Checklist – Updated 2/21/2020

Breaker panel/Fuse box

- Service is not at least 60-amps
- Screw-in fuses over 20-amps
- Breaker assignments not labeled
- Open, uncovered vacant slots
- Exposed wiring/panel face missing or loose
- Installed equipment has no permit on file

Plumbing

- Water supply lines to faucets not made of braided stainless steel or copper tube
- Sink p-traps not made of metal or PVC
- Hot and cold water reversed to faucet/faucet not secured to sink
- Missing shut-off valves to water supply lines under sink
- Sink does not drain properly
- Leak under sink
- Faucet drips when turned off
- Water not at least 120 degrees
- Toilet, vanity or counter not securely attached to floor/wall
- Caulk around tub and walls missing or otherwise in disrepair

HVAC

- Heating system is not functioning properly in order to maintain at 65 degrees from October 1st through May 31st
- Power disconnect/switch not located within reach of the unit
- Flexible gas piping to the unit
- Drip leg/sediment trap missing to the gas supply line
- Exhaust vent has a negative slope to the chimney
- Exhaust pipe connection to the flu has gaps into the chimney
- Storage of items within 3ft of HVAC
- If in an enclosed space, door is not louvered/room is not vented to allow for exchange of combustion air
- Installed equipment has no permit on file

Water heater

- Flexible gas piping to the unit
- Drip leg/sediment trap missing to the gas supply line
- Flexible copper or braided stainless steel water piping to the water heater
- Missing pressure relief valve
- Non-metallic pressure relief tube connected to the pressure relief valve
- Metal pressure relief tube does not extend to within 6 inches of the ground
- Exhaust vent has a negative slope to the chimney
- Exhaust pipe connection to the flu has gaps into the chimney
- Storage of items within 3ft of the water heater
Rental License Inspection Checklist – updated 2/21/2020

- If in an enclosed space, door is not louvered/room is not vented to allow for exchange of combustion air
- Installed equipment has no permit on file

Additional mechanicals

- Boiler has an improper gas connection
- Boiler missing a pressure relief valve
- Boiler steam leaking in the system
- Water softener connected improperly
- Sump pump pit overflowing

Water meter

- Meter improperly grounded/bonded on the outer-most sides of each shut-off valve/less than 6 gauge copper/conductive wire?
- Tamper proof wire/seal connecting the meter dial to the meter housing broken or missing

Smoke/CO

- Location inappropriate
- Doesn’t sound

Exterior sanitation/storage

Electric

- Extension cords/multi-plug adapters/triple-taps
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning
- Outlets are not GFCI/do not trip when tested with equipment where required

Illumination (where required)

- Inadequate illumination/bulb missing

Doors

- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Door has a double-keyed deadbolt
- Sliding patio door is missing an approved locking device
- Screen or storm door(s) missing a self-closing device

Stairs/handrails/guardrails

- Equipment missing or otherwise in disrepair where required/installed incorrectly
- Protective treatment/paint is peeling, flaking, unevenly discolored or fading
- Walking surface not secure, posts rotted or otherwise in disrepair

Other:
ACCESSORY STRUCTURES: GARAGES, FENCES, SHEDS, ETC.

Protective treatment/paint is peeling, flaking, unevenly discolored or fading

Doors

- Door/hardware is missing, broken, loose hinges, missing trim or otherwise in disrepair
- Missing/improper deadbolt on the garage door leading into the dwelling unit

Windows

- Window cracked/broken glass
- Window has been boarded over

Electric

- Extension cords/multi-plug adapters/triple-taps
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning
- Outlets are not GFCI/do not trip when tested with equipment where required

House/garage/shed exterior walls

- Retaining wall in disrepair
- Fence in disrepair
- Shed in disrepair
- No permit/structure placement incorrect

Other:
EXTERIOR

- Screen or storm door(s) missing a self-closing device
- COA/historic district work performed without a permit (including installation of a satellite dish)
- Installed components have no permits on file (new windows, roof, siding, driveway, etc.)
- Sidewalk/walkways/pathways in disrepair or trip hazard
- Driveway in disrepair, loose material, ponding of water, trip hazards, etc.

Stairs/handrails/guardrails

- Equipment missing or otherwise in disrepair where required/installed incorrectly
- Exterior storage/residential storage/junk/animal feces present
- Groundcover is missing
- Premise identification
- Address numbers are less than 4 inches tall/not a contrasting color to the background color/not readily visible from the street

Chimney/brick in disrepair

Electric

- Extension cords/multi-plug adapters/triple-taps
- Outlets not installed securely/cover plates missing/wired incorrectly when tested w/equipment
- Light fixtures/switches malfunctioning

Outdoor storage of firewood

- Less than 6 feet from adjoining property line
- Stored less than 6 inches off of the ground
- Rodent harborage

Motor vehicles

- License plates missing on the front and/or back of the vehicle contrary to state law
- Expired sticker on the rear plate
- Flat tires or otherwise inoperable conditions

Commercial vehicles

- More than one taxi cab
- Vehicles plated F class or above/12,001 lb GVWR or greater
- Dump trucks, Semi tractors, non-motorized trailers of any kind, trailers carrying boats, ATVs, jet skis, mobile wood chippers, mobile generators, enclosed trailers, utility trailers, etc.

Garbage totes
Visible from the public right-of-way
- Out more than 12 hours before collection day or still out the day after the designated collection day for that street

Dead or decaying trees/limbs
- Clearly dead trees/limbs
- Decaying or hazardous trees/limbs

Obstructions of the ROW/plants or trees over the sidewalk
- Tree limbs less than 10ft above the public sidewalk
- Bushes or obstructions hanging over the public sidewalk
