This packet contains the following information to assist your completion of the 2024 Historic Architectural Rehabilitation Grant Application for the 50-50 Program:

A. Eligible Properties
B. Application Process
C. Eligible Projects
D. Project Evaluation
E. Inspections
F. Agreements
G. Grant Project Work
H. Payment of Grant Fund

A. ELIGIBLE PROPERTIES
Properties must meet the following qualifications:

1. The property must be a residential structure, 50 years or older, located within a historic district designated by City ordinance or a residential structure registered as an Elgin landmark by City ordinance.

   **Elgin Historic Districts**
   - Elgin Historic District (Gifford Park)
   - Spring-Douglas Historic District
   - Elgin National Watch Historic District
   - D.C. Cook/Lovell Area Historic District
   - Elgin Bungalow Thematic Historic District

   **Elgin City Landmarks**
   - Properties designated by the Elgin City Council

2. The property must contain no more than four dwelling units.
3. The property owner must be at least eighteen years of age.

The intent of this grant program is to emphasize the special architecture of Elgin’s historic districts and landmarks. Grants will be awarded for rehabilitation work to highlight this uniqueness, not for compliance with the basic minimum property maintenance codes. (See Section C for eligible project details.)

**2024 PROGRAM HIGHLIGHTS**
- Reimbursement - 50% up to $20,000 maximum
- Minimum total project cost to qualify - $5,000
- Minimum of 2 cost estimates must be submitted with the application
- Certificate of Appropriateness (COA) approval is encouraged prior to application submittal
- Competitive grant – projects are ranked according to set criteria
- Project completion time - 18 months
- Taxable Grant
B. APPLICATION PROCESS

Complete the application form. It is recommended that applicants provide City Staff with detailed photos of the property prior to submitting an application. While this is not required, it may allow Staff to provide a preliminary opinion on the type of work proposed.

Attach supporting documentation to the application form including the following:

- **Project Summary**: A successful project summary will include design and material specifications that correspond with the City of Elgin’s Design Guideline Manual. *(Copies of the Guidelines are available online at [www.cityofelgin.org](http://www.cityofelgin.org).)* Applicants are responsible for writing their project summaries; however, the City’s historic preservation staff is available to provide guidance.

> PROJECT SUMMARIES THAT ARE VAGUE AND LACK DETAILED SPECIFICATIONS WILL BE RETURNED TO THE APPLICANT FOR REVISION.

Applicants should share their detailed project summaries with their selected contractors.

- **Example of an incomplete project summary description**:
  Front porch reconstruction includes replacement of handrails, stairs, and columns.

- **Example of a complete project summary description**:
  *(Tip: When writing your description, please provide enough details so that the reader would be able to build your project directly from your description. It should include dimensions, design details, etc.)*

  The front porch will be reconstructed in wood, primed and painted and installed as follows:

  - **Flooring**:
    - 1 x 4 tongue and groove, Douglas Fir

  - **Stairs**:
    - Constructed in 5/4” thick lumber
    - Treads will be bull-nosed with 1” overhang on three sides, min. 10” wide.
    - Risers, max. 7 3/4”, flush with stringer.

---

CERTIFICATE OF APPROPRIATENESS (COA)

To further assist applicants in ensuring project compliance with the city’s Design Guidelines, it is preferred that applicants obtain COA approval from the Design Review Subcommittee (DRSC) prior to submitting a grant application. *(Regardless of approval, a COA application must still be completed with your grant application.)*

The DRSC meets on the 2nd and 4th Tuesday of each month at 6:00 p.m. at City Hall in the Council Chambers. Property owner representation is required.

Please note: applicants should do everything possible to ensure that their project specifications are complete and that they have discussed their project with staff prior to the DRSC meeting. Although COA approval is not guaranteed, the results of the DRSC meeting and suggested revisions will further assist the applicant with developing their project summary.

**Grant application deadline:**
**MARCH 29, 2024.**
Handrails:
- Minimum 30” but no more than 36” in height above finished floor (AFF).
- Top rail will be 2x4 with chamfered top at a minimum of 30” but no more than 36” AFF.
- Bottom rail will be 2x4 with chamfered edges, 2” AFF.
- Balusters will be 2x2’s with 3” cove at top, and spaced no more than 3” on center. To ensure that the balusters have straight corners rather than round corners, the balusters will be cut from 4x4s.
- Newel posts will be 6x6 chamfered posts with 1x4 wrapping and have a ball cap, minimum of 5”.
- The newel posts will be attached to the bottom riser.

Skirting:
- The skirt frame will be 1 x 6 with a 1x4 lower board.
- The vertical skirting board will be 1x4 and installed behind the frame, 1” spacing with 8” header.

Estimates:

A. If you intend to hire a contractor: A minimum of two cost estimates from contractors which includes the following documentation must be submitted with your application:
   1. Renovation, Repair and Paint (RRP) Certification (this is an Environmental Protection Agency (EPA) required certification of contractors);
   2. Insurance Certificate (Comprehensive Liability, Worker’s Compensation, if applicable, and Completed Operations Insurance);
   3. Contractor Letter of Warranty, 3-year minimum.

Please allow ample time to obtain your contractors’ estimates and the required certifications.
Contractor estimates that do not have the above documentation will be considered invalid and you will be required to obtain another estimate. This information MUST BE provided prior to the grant application deadline. There will be no exceptions.

B. If you intend to complete the project on your own: Only material costs will be reimbursed, pre-tax.

Please submit a cost estimate for proposed materials to be used. Your estimate must itemize all anticipated materials. General cost estimates will not be accepted.

Drawings with dimensions and specifications
A drawing or historic photos which clearly provide details pertaining to measurements and materials should be attached to your application AND/OR a written scope of work. Drawings should include a Plat of Survey, plans, elevations and construction details. Please note that your project needs to comply with the city’s building and zoning codes and consultation with city staff to assure that your proposed project meets the requirements is encouraged.

Color photographs must be included with the application. Submitted photographs must be current (taken in 2024). Digital format is acceptable and encouraged. Digital photos should be clearly labeled as per the photograph submittal instructions below.
When submitting your photographs, please include the following identification.

1. Photographs of each building elevation marked North, South, East, and West.
2. Photographs of architectural features and the entire building must be submitted.
3. Photographs must be clearly marked to identify the proposed project area(s).
4. Historic photographs, if available, should also be included.

C. ELIGIBLE PROJECTS (Funding is available for exterior work only)
The focus of the grant program is the historic rehabilitation and restoration of exterior residential architectural details.

1. Proposed work to structure- the following categories are listed in order of funding priority.
   - Complete reconstruction of missing features.
     (Example: Such as front/side porches, parade porches, towers, turrets and carriage houses based on original evidence and designs.)
   - Removal of multiple non-original inappropriate features and restoring these with original details and materials on significant elevations.
     (Example: More than one of the following: Removal of non-original aluminum/vinyl siding to restore the original underlying cladding, while restoring any original window openings and ornamental features; opening an enclosed porch or replacement of concrete stoop/porch with original materials and detail; siding restoration with appropriate trim detailing; replacing inappropriate asphalt shingle with cedar, metal or tile; installation of half round gutters and round downspouts, installation of original material storm windows and screens; or replacing an exterior or storm door with one of the correct period and style design.)
   - Removal of an individual non-original inappropriate features and restoring to original detail and material.
     (Example: Removal of vinyl or aluminum windows and replacement with wood windows.)
   - Repairing/stabilizing deteriorated existing features and reusing existing architectural elements.
     (Example: Porch overhaul utilizing new structural lumber and decking but conserving column/posts, spindles/balusters, and brackets, using epoxy consolidates or other methods; window overhaul using epoxy consolidates or other methods.)
   - Upgrade deteriorated materials with new appropriate materials.
     (Example: New wood windows, new wood door, roof upgrade to wood, slate, tile shingles as appropriate to the style of the house.)
   - Restoration of original paint schemes to a style that is compatible with the style of the house.
Example INELIGIBLE PROJECTS include:

- Ongoing maintenance items (minor repair, scraping and painting, minor tuck pointing, roof replacement).
- Decks and fences.
- Landscape and plant material, sidewalks, driveways, retaining walls, and other site features.
- The use of substitute material in siding.
- Aluminum and vinyl extruded or clad windows; storm windows and doors.
- Flush mounted, ogee, K-style gutters in aluminum or plastic.

D. PROJECT EVALUATION

Applications will be scored and ranked according to the criteria for selection process, as set forth by the Elgin Heritage Commission and as identified below. (A copy of the criteria and scoring system is attached to the application form.)

1. **Current historic/architectural significance of the structure**: The significance of a property will be scored using professional surveys undertaken in the historic districts. Properties are rated Significant, Contributing, or Non-Contributing. Additional points will be awarded to a structure for work that will elevate the status, from non-contributing to contributing.

2. **Evaluation of relative visual public benefit or impact to the streetscape**: anticipated change in appearance after completion of work will be rated.

3. **Occupancy**: Owner occupied homes score higher than rental properties.

4. **Applications will be reviewed and scored by the Heritage Commission’s Grant Review Subcommittee. Upon completion of the review of applications, a list of eligible recipients ranked in order of points scored, will be transmitted to the Elgin City Council for final approval.** After approval of selected grant projects by the City Council, property owners will be contacted to determine if they wish to proceed with the grant project.

E. INSPECTIONS

Prior to final payment of grant funds, properties participating in the grant program must be fully compliant on the exterior of the property with all applicable codes. The Community Development Department will perform inspections as outlined below.

1. **Initial code inspection**: Before the grant agreement is signed, an inspector of the Community Development Department will inspect the property to determine existing code violations. This inspection will be carried out in addition to the evaluation of the proposed work. The property owner will be notified of outstanding code violations. These will generally need to be corrected within the time allocated by the Community Development Department. If an extension is required, please contact the Code Enforcement Officer who conducted the inspection. **When major rehabilitations are being done, the Community Development Director may be able to grant an extension upon review of the applicant’s request.**

2. **After completion of the project, a follow-up code inspection** done to ensure that violations are corrected prior to disbursing the funds.
If the grant work is completed, and other code violations exist which were not identified during the first inspection, additional time for correction will be allowed. The time will be determined by the Community Development Department, or designee, not to exceed a maximum of 90 days.

Note: If a project is not completed in the stipulated amount of time or withdrawn by the applicant, all code violations on the exterior of the property determined at the initial code inspection and/or any subsequent inspection will still require corrective actions. The time limit allowed for compliance with the property maintenance codes will be determined by the Code Enforcement Officer.

F. AGREEMENTS

1. **Grant Agreement**: The selected participants will need to undertake a Grant Agreement with the City of Elgin. *Grant Agreements must be signed and returned within 30 days*. If the city does not receive the signed agreement, the grant award will be forfeited, and funds will be transferred to the next project on the waiting list. There will be no exceptions.

2. **Term of Grant Agreement**: Property owners participating in the grant program have 18 months from the time of signing the agreement to complete the grant project.

3. **Corrective Action(s) for Code Violations**: If the project is a major rehabilitation, an inventory of existing current code violations on the exterior will be conducted. *Extensions on corrective actions may be determined by the Code Enforcement Officer; however, the final grant payout will not be made to a grant recipient until the violations are corrected.*

G. GRANT PROJECT WORK

1. **Beginning the project**: Grant project work as reviewed by the Elgin Heritage Commission and approved by the City Council may commence after the Grant Agreement has been signed, and necessary Building Permits issued.

2. All grant project work carried out to the exterior of the structures on the property must conform to the Elgin Design Guideline Manual and be approved through a Certificate of Appropriateness (COA).

3. Upon receipt of the signed Grant Agreement, applicants will have 180 days to receive approval for a Certificate of Appropriateness and/or submit a change in scope request. In the event that the applicant does not obtain the COA approval within the allotted time, the grant will be forfeited and the funding will be re-allocated to the next project on the waiting list. The grant recipient is responsible for filing the application for a COA and supporting documentation.

4. Should the COA be denied, the applicant may submit a plan for a modified project, which will be reevaluated based upon the criteria above. If the modified project qualifies for funding under the budget cycle, the grant allocation will then be modified to reflect the modified project but would not exceed the original allocated amount. If the modified project fails to qualify, then the grant funds will be forfeited and the next selected recipient will be invited to participate in the program. **However, all outstanding code violations will need to be corrected in the time determined by the respective Code Enforcement Officer.**
Please note: If the proposed work requires approval from the Elgin Heritage Commission’s Design Review Subcommittee, an application will be presented at the first available meeting. The Design Review Subcommittee meets the 2nd and 4th Tuesday of each month at 6:00 p.m. in the City Council Chambers. The applicant or a property representative is required to be in attendance.

5. Time period to complete grant project: Grant participants have 18 months to complete all the work as originally approved under the agreement. If the grant work has not been completed within the 18 month time period, the grant funds will be forfeited unless additional time, not to exceed 90 days, is granted by the Community Development Director or designee.

6. Progress reports will be mailed out to grant recipients on a quarterly basis and to identify any potential timing problems before they arise.

7. Final evaluation of grant project: Upon completion of the grant project, an evaluation of the work will be carried out by the appropriate City Staff together with any additional code inspections.

H. PAYMENT OF GRANT FUNDS

1. Payment of grant funds will be made once the grant project is completed within the stipulated 18 months and the exterior of the property is made fully code compliant.

2. The grant recipient’s payment request must include proper proof of payment to the contractors/vendors, together with statements of completion or waivers of lien. Payment will not exceed the original amount allocated at the time of approval of the project.

3. **No advance payments will be made.** Partial reimbursement may be allowed if the work includes discrete and separate improvements, and if the applicant’s financial ability to participate in the program is dependent upon partial payment; for example, a porch restoration project that involves 1) replacement of stairs, 2) re-flooring the porch, and 3) reconstruction of porch column and railing details). **Prior to partial payout, the project component must be completed.** Additionally, the grantee will be required to submit copies of paid receipts and contractor’s lien waiver with their payment request. The City will retain 25% of the allocated funds until the entire project is completed and the exterior is fully code compliant. Only one 90-day time extension will be permitted. If a project remains incomplete after the extended deadline, the grant recipient will forfeit all funding and must repay any partial payments received. A property lien may be placed upon the property until such time as the re-payment is made to the City.

4. All 50/50 grants are considered taxable income and the grant recipient will receive a 1099 form from the City of Elgin for income tax preparation purposes.

Request for Taxpayer Identification Number and Certification

Form W-9 (Rev. 1-2003)
Department of the Treasury
Internal Revenue Service

Purpose of Form
A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:
1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note: If a requester gives you a form other than Form W-9 to request your TIN, you should use the requester’s form. However, this form must meet the acceptable specifications described in Pub. 1167, General Rules and Specifications for Substitute Tax Forms and Schedules.

Foreign person. If you are a foreign person, use the appropriate Form W-8 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Part I Taxpayer Identification Number (TIN)
Enter your TIN in the appropriate box. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note: If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification
Under penalties of perjury, I certify that:
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Nonresident alien who becomes a resident alien.
Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:
1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.
Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 30% of such payments (29% after December 31, 2003; 28% after December 31, 2005). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester, or
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details), or
3. The IRS tells the requester that you furnished an incorrect TIN, or
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividends accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of Federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your social security card on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC’s name on the "Business name" line.

Other entities. Enter your business name as shown on required Federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note: You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt From Backup Withholding

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note: If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2);
2. The United States or any of its agencies or instrumentalities;
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities;
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities;
5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation;
7. A foreign central bank of issue;
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States;
Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see Limited liability company (LLC) on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity’s EIN.

Note: See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form on-line at www.ssa.gov/online/ss5.html. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can get Forms W-7 and SS-4 from the IRS by calling 1-800-TAX-FORM (1-800-829-3676) or from the IRS Web Site at www.irs.gov.

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Writing “Applied For” means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

2 However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees; and payments for services paid by a Federal executive agency.
Part II. Certification
To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 3, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see Exempt from backup withholding on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. “Other payments” include payments made in the course of the requester’s trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA or Archer MSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Privacy Act Notice
Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA or Archer MSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, or to Federal and state agencies to enforce Federal nontax criminal laws and to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 30% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.
